

Scalliwags Pre-School Newsletter 7

Children in Need

Thank you to those children who dressed up for Children in Need and for your donations.

The children have shown off their yellow or spotty clothing for Children in Need. We have painted with cotton buds, fingers and brushes- the children have made their very own Pudsey bears for home.

Children who are absent

If your child isn't coming into Scalliwags on a session they should be in, please let the office know as near to the day as possible. For planned absence please drop us an email in advance. Thank you

Sound of the Week next Week

Bear Club sound of the week next week will be 'p'.

The Topic for next Week

The topic for next week will be 'Our Community'.

Next Steps

This week we have looked at describing how things feel. Encourage your children to find something rough, smooth, cold or wet at home.

This Week

We are so proud of how the children have listened and engaged in this week's topic of 'Remembrance Day'. The children have enjoyed printing with oranges and made poppies to decorate our window display. We looked at the colours and shapes that are needed to make a poppy. The children listened and spoke with confidence as they described what they observed at the weekend, either on the television or at the parades.

We have a new sensory bubble lamp in our quiet area. The children have enjoyed looking at this and discussing how it makes them feel. One child told us "It's so lovely, I feel sleepy, calm and loved." The children then looked at the different textures of objects and were encouraged to use new words such as rough, prickly and spongy to describe them.

This week we have started to practice our songs for Christmas, I am sure the children are starting to sing them at home- We are very excited for our Christmas performance!
